

Machine Quilting

MACHINE QUILTING

This class is designed to give you many ideas for using machine quilting. We will practice different types of quilting on sample blocks of fabric in the first class. The second class will focus on pin-basting quilt tops to ready them for quilting at home. Binding by machine and labeling will be the subject of class #3. You will have samples of all techniques to keep in a workbook and will have started a quilt top or wall quilt!

Workshop, 3x 2.5 hrs, Teri DeBolt \$60

Plano to be announced 10501210

Dallas to be announced 20501210

Please let us know if you are interested and we will notify you when a class is scheduled.

NEW! I NEVER THOUGHT I'D BE A QUILTER!

Thought that only your grandmother quilted? See where the modern quilting world is headed while making a “manageable” quilted pillow for your sofa or bed. This class will cover fabric selection, rotary cutting, basic piecing, layering the quilt top, machine quilting, and binding using the latest and greatest techniques that most grandmothers never dreamed about.

Skills learned can lead you into any quilted item, including totes, place mats, or quilts from throw size to bed size

Workshop 2x3hrs. Michelle Kitto \$48
