

## Bernina of Dallas

### QuiltSitters Circle & Kindergarten

#### LETS DO THE TWIST!

Teri adds a twist to a classic quilt block. Learn the basic block; then see how simple rotations work to achieve six different options. This block exemplifies what Mary Ellen Hopkins means when she says "the simpler the block, the more you can play." You will be anxious to decide on fabrics and colors; then hasten to your sewing digs to create a one-of-a-kind masterpiece - amazingly emerging from simple squares, rectangles, and connectors\*.

\*In Kindergarten (at 9:30 am) you will learn about those things called 'connectors' and understand how to substitute this simple technique when half square triangles are used in a block.

#### Reserve your place today.

To reserve your place at this exciting program, reply to this email ... adding your name. If you prefer you may call the Dallas store. 972-247-5103
