Thank you for making our classrooms fragrance free. Allergy sufferers appreciate your consideration!

Bag up your May gifting needs with this fast, fun, and practical collection of carry-alls. With two patterns and 7 sizes, these bags are perfect for endless toting possibilities. The bitty bag becomes a cell phone holder, eyeglass case, flash drive storage, or coin purse. Various sizes work for makeup. At least one is perfect for your trip essentials/I.D. bag. Another will be a jewelry or lingerie bag.

The largest is a grab-and-go tote that is perfect for shopping, the beach or pool, dance class or the gym, a laptop, a picnic or travel, and more. Perhaps you'll add a coordinating towel (monogrammed or embroidered with her school logo?), colorful flip flops, a few bath essentials and your favorite college-bound girl will have a fabulous shower tote.
