

Best Friends Frocks

Since inception we have donated thousands of children's clothes sewn by customers who care. Taking the time to sew that many little dresses, shorts, jumpers, slacks, etc., takes a tremendous amount of effort, time and love. Your dedication to this on-going project is greatly appreciated by our staff and by the recipients!

If you are not familiar with the Best Friends sewing project, let me bring you up to speed. We ask our customers to sew children's clothing for charitable needs in our community. We can provide fabric for you to use or you can pull from your stash. We ask that you provide thread and notions. We do have some patterns if you need them. We sew sizes infant through 14. Many of our customers pick up Best Friend's fabric when they visit the store and then can sew when time and the mood allow. There is no timetable involved. Return the finished garments when convenient. When you complete clothing for Best Friends, our stores offer you a small "thank you" in the form of discount coupons that you may use on a one-time shopping spree. You receive a 15% discount coupon when you sew one dress/jumper or a shirt and pants/shorts set. The coupon is for a 20% discount when you complete two dresses/jumpers or 2 shirt/pant sets. The coupons may be used for fabric, notions, patterns, books, and machine service. We must exclude a few items, like machines, machine parts & repairs, cabinets, classes, software, and Block of the Month kits.

Please be a Best Friend to a child in need. Please help when you can.
