MACHINE QUILTING

This class is designed to give you many ideas for using machine quilting. We will practice different types of quilting on sample blocks of fabric in the first class. The second class will focus on pin-basting quilt tops to ready them for quilting at home. Binding by machine and labeling will be the subject of class #3. You will have samples of all techniques to keep in a workbook and will have started a quilt top or wall quilt!

CURVED PIECING DEMOS

In 2007, we introduced the 3-6-9 Curved Piecing Design Kit at our Quilt Sitters program. If you missed out on the introduction or wish to expand your knowledge of how to work with this innovative ruler system from quilt designer Sara Moe, join us for these demonstrations. Curved piecing has never been so easy and precise. If that sounds like an oxymoron, you really need to see Teri in action with these rulers!.
